

Solution for Uflex Limited

Case Study

Modular Power Solution For Uflex Limited

Location: New Delhi

Market: Residential Place

Unique Obstacle: New Delhi has periodic ban on conventional back up power like DG sets. They need cost effective alternative solution which can provide similar quick response power back up for their Chairman's residency.

Solutions: Generac natural gas 630 kVA MPS system consisting of 2 X G14.2L natural Gas Genset.

Result: A solutions gives peace of mind to the end customer as the back up power available even during ban of DG sets. UFLEX group satisfied with the product and service support.

A Modular Power System Based Solution To Make The Gensets Available Throughout The Year

“We want to have a generator solution which can power up the Chairman’s house on immediate basis” Mr. Praveen Chowdhury the Energy consultant to UFLEX group wanted to make sure of a solution which can provide a quick power backup, low owning & operating cost, can be fitted in limited footprint and proven product.

MPS based solution provided which **eliminates the cost of synchronization panel** and the after sales service provided to UFLEX group they are very happy about the entire solution.
